European Citizen's Space

**European
Citizen Space**

**One year of co-construction with
volunteers :**

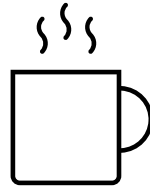

- **27 citizen** volunteers
- **21 meetings** and **47 hours of co-creation**
- **2 workshops** : communication and pedagogy
- **5 tools created** : manifesto, logo, educational platform "Let's talk about EU", explanatory video, Facebook page

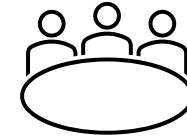

European Citizen's Space

**Let's talk
about EU**

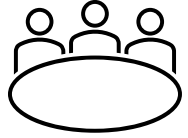

**Let's have
a coffee
with ...**

**Meetings
between
citizens &
Europe**

Meetings between citizens & Europe

Since the launch in October 2021 :

- **30 citizens** involved (10,10,10)
- **10 people from the European galaxy** involved
- **3 meetings** : environment, ecology → Transport
- A new organisation based on **3 axes** (co-construct, inspire and act)
- **1 initiative** on the way

Challenges and obstacles :

- **Mobilising** the "European galaxy" & flamish part
- Drawing of lots of 30 citizens → absences prevents sustainable mobilisation
- Lack of **knowledge** on certain subjects (territorial, European)
- Setting the wheels in motion for initiatives
