*Membership of cross-border structures: if the members of a cross-border structure on each side of the border (so at minimum 2 or 3) are already members of MOT (excluding the French State), the cross-border structure may become, on demand, for free a member of MOT. If not, the structure subscribes at the rate of a cross-border structure.

**The General Meeting of 11 June 2009 was moreover introduced a category of an amount of 600 Euros for all candidates of a MOT membership especially from the Eastern-European borders.
